Date: 30/05/2023

Time: 18:22 – 19:20

Location: CA-10.G.15

1. Acknowledgement of Traditional Custodians of the Land

WSUP Director, Ruby Ritchie acknowledges the traditional custodians of the land in which the council meets.

“I’d like to begin by acknowledging the Traditional Owners of the land on which we gather today, are the Dharug and Darkinjung people and pay my respects to Elders past and present. I extend that respect to the Indigenous peoples of the Dharug, Thurawal, Eora, and Wiradjuri nations which encompasses Western Sydney University.

We acknowledge that the teaching, learning, and research undertaken across our campuses continues the teaching, learning, and research that has transpired on these lands for tens of thousands of years. Today, we recognised that its campuses inhabit their traditional lands and Western Sydney University thanks them for their support of its work in their lands from Greater Western Sydney and beyond.”.

8. President's Report

President addresses the attendees of the Student Representative Council Meeting.

“I stand up and I just want to say that earlier today I met with Joanne, who is in charge of the library services on Parma South Campus, and what she advised me today was that the disruptive behaviour happening among students and there are concerns about students having misconduct. So assault and inappropriate behaviour happen there.

So what I would like to request is all campus representatives to actually liaise with their cohorts and to ensure that we're communicating effectively to people and specifying to them that vaping is not allowed in our libraries and across our campuses as well. As well as the live library office service, um, which is a chat service.

So if people do feel uncomfortable or they feel harassed, please use that service because that will alert not only the librarians, but also the security, which can, um, you know, integration. Um, I also wanna thank, um, the school of business for inviting Raimondo Vi, KIRO Reed and I to the launch of the Business Research Collaborative, which was in a successful event.

Um, and I do wanna thank everyone who attended the mental health forum. That was also by myself and people that did, and Emily, who was a representative. Um, I do wanna acknowledge Casey and Jasmine, who had their donut this week been quite successful. And they were saying they saw you bags, sort figures.

It's really good to hear that the budget is being used effectively, efficiently. Um, I do also want to, um, yeah, say thank you all for being here today as well.”

10. Right of Audience and Debate and Guests

Motion 10.1:

That the SRC:

1. Receive the report from Student Community in Business Paper D
2. Accept the report from Student Community in Business Paper D

Standing Agenda Item

Status: **Passed**

Manager of Student Community, Richard Martino speaks to the Student Representative Council.

“The comment was probably more conducive meeting open thread, particularly given that you have in that thread plus all also the student that raised the concern, it just, it didn't seem professional about those people.”

Vice-President Activities addresses the Student Representative Council.

“I also agree, I think that we, I think as, as the SRC generally could have handled that a lot better. The fact that the student's name was brought up in front of the dean now more or less may jeopardize the the name of that student. So I think in future we really have to streamline our communication, how we're going to move forward collectively and there's other discussions around what advocacy looks like and such.”

Grant request to speak

Grant apologises for late reply, moving EOI to Tuesday next week.

11. Committee Reports

President confirms that Business Paper E includes the Budget Committee meeting minutes and calls on General Secretary, Bowen Fucile to speak on the Budget Committee meeting minutes.

Motion 12.07: Support for Dr Jenna Condie’s Community Childcare Roundtable Discussion

<p>Issue</p>	<p>The university child care and occasional care options are not inclusive for all staff and students. Not all university campuses have a childcare on campus, and the campuses that do have childcare have limited space for both permanent care and occasional care options. Western’s Children on University Premises Policy states, at Section 1, Point 2 that the university is committed to supporting policies and procedures which assist staff and students with their family responsibilities. Section 4, Part A states that the occasional needs for children in the classroom is dealt with on a class-to-class basis. This does not provide a supportive environment for students with children if they are unable to find suitable care arrangements for their children. Section 4, Part A, at Point 22 states that if permission for children to attend the class is refused, and the student cannot attend the class, the lecturer/tutor needs to make arrangements for the student to receive information they may miss.</p>

Motion 12.17: Calling for the Abolition of Standardized Testing and Adoption of Mainstream Assignment and Project-Based Assessment Tools at Western Sydney University

Issue	The Western Student Representative Council (SRC) is committed to advocating for an equitable and inclusive educational environment that supports the diverse needs and strengths of its student body. Standardised testing has been shown to create unnecessary stress and anxiety among students, contributing to an unhealthy academic culture and hindering holistic learning experiences. Adopting assignment and project-based assessment tools aligns with Western Sydney University's commitment to fostering innovative and inclusive pedagogical approaches that prepare students for future careers and lifelong learning. Numerous educational institutions around the world have successfully transitioned away from standardized testing and embraced alternative assessment methods,

[Motion 12.39: Calling for the separation of the Student Representation Procedures](#)

Issue	<p>We, the members of the Western Student Representative Council (SRC), recognize the significance of effective governance structures and procedures in promoting transparency, accountability, and representation within our university community. Understanding the unique roles and responsibilities of the Western SRC and W'SUP, the student publication, we acknowledge the need for distinct and tailored procedures to ensure the accurate representation of each body. Therefore, we propose the separation of the Student Representation Procedures into two documents, one specifically dedicated to the Western SRC and the other to W'SUP. Through this motion, we aim to enhance clarity, accountability, and representation for both bodies, fostering an environment conducive to their respective missions and objectives.</p>

12. General Business

Vice-President Activities: "There's a lot of discussion around emancipation of the SRC and moving towards a union, and I think that's great that discussions are starting to be had. How are we going to get that? I feel like we really haven't had the chance to really come together and have that discussion, but I thought one way that we can kind of start that process of moving us, having our own independence is.

A question came up to me, why do we need our events approved? Why do we need to go through, uh, professional staff to just try to book a simple room like this? And I think at, at some point in time, within the next year, within this year, I think we, we need to really move emotion, to say, Hey, we want that freedom to, process our own events and to book our own rooms on campus.

It's in with, all right, you are, you're literally taking offense, any professional staff, but our rights are being taken away. And I think this is really important and I, I, and I want to open up a forum, but I want to start here, right here in Campbelltown. The discussion around how do we do that within the next seven months or so?"

Disability Representative: "I just need got some heading now. I've read all the in and I'm, I've only seen it done from the School of nursing perspective right now. I, so we're in the same situation where we, we've a, I've got to have a mask, otherwise we get writing infections. Now dietary has never been told that we have. The only time child have to pay for it is if, if we screw them around.

So I think for that, we can't exclusively just look at nursing. We need to ask medicine. We need to ask science physio their placement offices about the, and their, I can't think the word what they procedure. That's the one, their procedures, because it doesn't fit right that only one school is making to pay for it.

Whereas all the others, it's like, here's your mark dirty mask, here's your mask thing. And with the one fantastic, they said if you have a beard, you go to a separate one. If you have religious concern, oh, religious reasons you go to another one. So it just doesn't make sense that there is so much blockading in one area.

And honestly, I've never had an email. We had to pay for it."
